

Customer Information

Customer Name: _____

Agreement Number: _____

Novuna Business Finance works with an approved panel of Introducers. We have a commercial arrangement with them to introduce customers to us and we pay them a commission.

You were introduced to us by _____. The Introducer's role in the transaction is to facilitate your financing arrangement and introduce you to a lender. The Introducer will not search the entire lending market and only works with a selection of lenders.

If you enter into this finance agreement with Novuna Business Finance your Introducer will be paid a commission as detailed below. Whilst they aim to find you suitable finance for your circumstances, there may be alternative finance options more suitable for you elsewhere, so it's important that you consider all your options before entering into this finance agreement.

Total Commission Payable: £_____ plus VAT if applicable.

How is the commission calculated: The commission payment is determined by Novuna Business Finance and agreed with the broker within set parameters.

The commission amount is paid directly to the Introducer by Novuna Business Finance. This is not shown as an additional charge in your finance agreement but is included in the Total Rentals Payable.

In addition to the amount of commission shown above, if your agreement continues into a Roll On Rental period of hire, we will also pay the introducer 50% of the amount of the Roll On Rentals you pay us. This means the Introducer potentially gets paid more the longer you keep the agreement with us.

Customer Acknowledgment and Consent

By signing below, you confirm that:

- You understand the information contained in this document
- You understand that the Introducer will be paid the commission set out above
- You consent to us making this payment when you enter into the finance agreement
